Bakin' Bacon

A pal's bacon obsession led baker **Mark McIntyre** to create his unusual but popular bacon brownies. The owner of **Norwood Cottage Bakery** enjoys experimenting with odd flavors to produce savory desserts — such as double-chocolate stout cake and pumpkin-pecan cream-cheese crunch cake. This former Jesuit, whose job titles include calligrapher, graphic designer and photographer, now enjoys a profession with a workday that starts at 4 a.m. No alarm clock is needed as he bounds out of bed eager to start creating daring and delectable delights. You can order McIntyre's goodies through his website. *539-1110 or norwoodcottage.com. —RF*
